**ALICANTE AIRPORT PICK-UP ARRANGEMENTS**

As you exit the Arrivals terminal building, cross the road through the Taxi/Bus park heading for the car park via the zebra crossings. Here you will find a Transit type van (indicated on the map below) with the names **IRIS** and **NEW SYSTEMS** clearly displayed. Please use your passport as a means of identification to be handed the keys to your car. The car will be parked as close as possible to the van with your name clearly displayed in the windscreen. The ticket to exit the car park will be in the car and must be processed either through the Automatic Payment machines or at the Kiosk before exit from the car park will be permitted.

When returning the car, park the car as close as possible to the van with the car park ticket left under the drivers mat, the car **LOCKED** and the keys to be posted through the letter box on the rear door of the van. Thank you.
